

ABSTRACT

Compositions for the treatment of the affections of the oral cavity and upper respiratory tract include anthocyanosides, procyanidins and phloroglucinols. The anthocyanosides are derived from *Vaccinium myrtillus* extract, the procyanidins are derived from a *Vitis vinifera* extract, a *Camellia sinensis* extract or from other edible plants containing procyanidins, and the phloroglucinols are derived from *Hypericum spp.*, *Myrtus spp.* or *Humulus lupulus* extracts.
